

ANGUS CATTLE TOUR IN NORTH DAKOTA

Presented by the East Tennessee Angus Association

September 16-21, 2019

The East Tennessee Angus Association would like to invite you to attend a tour in North Dakota that will include several stops to view top quality Angus cattle as well as take in some of the sites North and South Dakota have to offer. This is an opportunity to fellowship and network with other producers within our area as well as meet and see some operations in "Cow County" of North Dakota.

Plans are to leave from Tennessee and fly to Bismark, North Dakota where the trip will begin. The first stop on the Tour will be at Schaff's Angus Valley, where Kelly and his family and staff will welcome us and show us some of the Legendary SAV cow herd. It is my understanding that this will be right before weaning time, so you will get to see a set of big powerful calves still on the side of the cows. We will have several other stops over the course of the next few days at several other breeders in the area: Ellingson Angus, Brooks Angus, Lindskov-Thiel, and Tokach Angus. As mentioned before we will also be taking in some other sites such as, Mt. Rushmore, Berger Bucking Bulls, Old West Riverboat, and more.

Tour cost will include Airfare, lodging, transportation in North Dakota, and some meals. Cost of the trip will be \$1400.00 +/- per person and this is based on double occupancy. So that we can get the best rates on airfare and hotel we need commitments along with a \$500.00/per person non-refundable deposit by March 11, 2019.

Please send names of those attending along with payment to:

East Tennessee Angus Association

C/O Rick Williams

301 Emerald Chase Circle

Johnson City, TN 37615

We appreciate your interest and support of the East Tennessee Angus Association.

Sincerely

Board of Directors, East Tennessee Angus Association
